

Marble Maze

Supplies Needed:

- Shoe Boxe
- Scissors
- Construction Paper
- Scotch Tape (Under adult supervision: hot glue works best)
- Marbles
- Pipe cleaners
- Craft Sticks
- Markers

Challenge:

Build a path for your marble to follow! As an added challenge try to make your path faster.

What did you learn?

Were you able to guide your marble to the place you wanted on your first try?

What improvements did you make to your maze?

Remember engineering is all about solving a problem. There may be more than one way to do this, so do not give up!
